Hurstville –Teaching Children Protective Strategies

Location: Hurstville NSW

Time: 27th November 2018 from 10:00-1pm

This workshop supports carers in assisting children to develop personal safety and protective practices, utilising the protective behaviours approach. The workshop offers a range of practical activities to use with children to teach an understanding of safe and unsafe secrets, yes and no feelings, early warning signs and other important principles and gives adults strategies to help children become aware of safe community spaces and people, to develop trusted networks of adults, and to have the confidence to speak up and ask for help.

Contact our Carer Support Team to register for this free event on 1300 782 975 or enquiries@myforeverfamily.org.au
